Play to Zero Award Recipient - Green Sports Alliance Summit Invitation

Dear Meredith,

Congratulations! The Green Sports Alliance is honored to invite you to the **15th Annual Green Sports Alliance Summit** to accept the Waste Player Play to Zero Award on June 11, 2025, at the InterContinental Miami. As we advance sustainability across the sports and entertainment industry, this Summit will serve as a pivotal moment to accelerate action toward a more resilient and responsible future.

The Play to Zero Awards honor sports organizations that demonstrate measurable progress in reducing or diverting waste, conserving water, and lowering energy use at their venues through Play to Zero or similar tracking platforms. These awards celebrate ongoing efforts to enhance sustainability at the building level, emphasizing continuous improvement in managing waste, water, and energy resources.

This year's Summit theme: "Game On 2030" is meant to challenge, serve, and support the sports and entertainment industry as it creates actionable strategies and takes decisive actions toward 2030 sustainability targets.

At the Green Sports Alliance, we leverage the societal predilection for sports and entertainment to inspire action and build healthier, more sustainable communities for future generations. We are inspired by your steadfast commitment to sustainability, and we hope that you will be able to join us at this year's Summit to accept your award on the main stage.

Thank you for your time and consideration. We hope to welcome you to the Green Sports Alliance Summit in June.

Sincerely,

Roger McClendon
Executive Director
Green Sports Alliance

Aileen McManamon
Chair of the Board
